Just a Market Failure

It's coming, but noone's there to greet

D A7sus4 D

It's coming, so slow and so discreet

D A7sus4 D

It's in the air we breathe, but nothing you can feel

G C G

as if it's just a dream and not for real

D A7sus4 D

it's coming to the mountains, to the rivers and the plains

F# Bm

to the deserts and the blooming fields, it slowly comes with change

F# Bm

It's just a market failure, blowing in

A G D

It's coming with a change in the mean in the likeliness of weather extremes
It's coming with the droughts, with fires and with flames with floods, but noone takes the blame
It's coming with catastrophes, more likely to occur like they never really happened, because the reason is not sure It's just a market failure, coming down

It's coming with the facts and the unknown with all we need to do, that we won't

It's coming with denials, with delusions and with lies with closing ears and shutting of the eyes and noone knows what's going on, it's too complex and vast imagination's not enough, to see what comes at last

It's just a market failure, corrupting our minds

Stand up, stand up against the greed A G D for our children, for life to come, for a world in need A G D Stand up, stand up, stand up. Em A G D

It's coming to the poor at first

It's coming with hunger and thirst

It takes away our pride, it takes away our hope
as if there's really nothing we can do
we're addicts shooting oil and gas, we're high on fossil dope
and everybody just goes on, as if it wasn't true

It's just a market failure, to be removed

It comes from our efforts to improve

To build an economy that grows

But the market is at loose, devouring oil and coal
like a monster machine beyond control

We need a price on carbon, to set the market right
They say it is impossible, but that's the biggest lie
It's just a market failure, to be undone

But it will meet the ones who are not swayed and it will meet the ones who finds a way

It will meet with defiance, with persistence and with strength It will meet with reason at length

It will meet with our mercy with the weak and the poor It will meet with our duty, to the billions to be born

It's just a market failure, to overcome

Stand up, stand up against the greed for our children, for life to come, for a world in need Stand up, stand up, stand up, stand up.
